Recreation
All-Stars 2014**

Regular Season 420 players

Union County celebrates spring and early summer with baseball teams and softball teams practicing and playing. Aw, the fields are alive with the sound of leather popping, balls being hit, players chattering, coaches encouraging, umpires making calls and fans being exciting as more than 420 youngsters took to the fields in Meeks Park for the regular season schedules for the boys and girls teams.

When the final run was scored and the last out was recorded, the coaches in the respective leagues gathered to select the all star teams from the play-

ers. Recreation Director Larry Conley stated that each coach makes a list of 12 players from all the teams in the league they would select as all stars and the players with the most votes among all the list are placed on the roster. Each all star team goes to the Dizzy Dean District Tournament. If they placed high enough they advance onto the state tournament.

The season coming up is recreation football and football cheerleaders, for boys and girls ages 5-13. The season runs July through November. Following that is basketball. Union County parents can register their children for baseball, softball, football, basketball and cheerleading at the Recreation Office or online. Call 706-439-7067 for details
